Noon: Racing Starts:

Flying 200 Meter Time Trial D / C / B / A - 2.5 laps, timed on the final 200 meters. Starting from the back straight.

We will use flying 200 for seeding the Keirin and match sprint events and possibly for adjusting participants in A, B, C and D categories. If riders wish to only do the flying 200 but do not wish to participate in either the match sprints or keirin, please let us know.

For the sprint tournament, 4 riders will be grouped together with the closest times. Within each group of 4, 1 verses 3 and 2 verses 4. Then, winners face each other and losers race each other. Every rider will get two match sprints facing different riders. All riders will be entered into the keirin unless they chose not to.
